Title: Financial Assistance Policy (FAP) for Colorado Health Medical Group

FINANCIAL ASSISTANCE POLICY (FAP)

Colorado Health Medical Group is committed to caring for our patients, regardless of their financial circumstances. We work hard to help address our patients' financial responsibilities in a way that is sensitive and fair to their circumstances. The FAP policy applies to all patients and guarantors who receive services provided by Colorado Health Medical Group.

KEY TERM(S)

Patient: An individual who receives medical care.

Guarantor: An individual who is ultimately financially responsible for healthcare services and who is typically 18 years of age and older. Pregnant/expecting mothers under the age of 18 are also individuals who are ultimately responsible for paying their healthcare bills. A patient may be his/her own guarantor.

Uninsured: The guarantor has no insurance or third party assistance to assist with meeting his/her payment obligations.

Underinsured: The guarantor has some level of insurance or third-party assistance but still has out-of-pocket expenses that exceed his/her ability to pay.

Family: The United States Census Bureau defines a family as a group of two or more people who reside together and who are related by birth, marriage or adoption. Family members are not responsible for services rendered to patients ages 18 and older.

Family Income: Income is determined on a before-tax basis and excludes capital gains or losses. Financial Assistance applications consider various sources of income as listed below:

- Wages, Unemployment compensation, Worker's Compensation, Social Security, Supplemental Security Income, Public Assistance, Veterans' Payments, Survivor Benefits, Pension or Retirement Income, Interest, Dividends, Rents, Royalties, Income from Estates, Trusts, Educational Assistance, Alimony, Child Support, Assistance from outside the household, and other miscellaneous sources.
- Non-cash benefits (such as food stamps and housing subsidies) are excluded.

- Includes spousal income generated from any of the above sources

Financial Assistance: The Colorado Health Medical Group Financial Assistance Program (FAP) helps guarantors who cannot pay for medically necessary healthcare services provided by Poudre Valley providers and meets the eligibility criteria listed below (see “ELIGIBILITY GUIDELINE(S)”).

Billing Statement: Colorado Health Medical Group sends four statements within a 120 day period for balances owed by the guarantor. The statement includes charges, payments, and discounts (adjustments). Colorado Health Medical Group applies pricing to relevant charges regardless of insurance or ability to pay.
